

Promoting Healthy Families

Do you have concerns about
your child's emotions or behaviour?

Participate in our study on parenting programs!

About our parenting study:

- For children 2-6 years old
- Families are randomly selected to participate in 1 of 3 parenting programs
- We will follow up with you at 6 and 12 months
- Families will be reimbursed for taking part in the study

We are comparing parenting programs that aim to:

- ✓ Provide support to parent
- ✓ Promote healthy child development
- ✓ Provide parenting tips
- ✓ Improve parent child relationships
- ✓ Manage behaviour
